

Beyond® Logo Pack

Wordmark, monogram, and lockup variants — light and dark — in SVG, PNG, and PDF formats.

Usage guidelines

- ☐ Use only approved logo files. Do not recreate or redraw the mark.
 - ☐ Maintain the minimum clear space equal to the cap-height of the "B" on all sides.
 - ☐ Do not alter proportions, colours, or letterforms.
 - ☐ Do not place the dark logo on a dark background; use the light variant instead.
- The wordmark and monogram may not be used together in the same composition.

Beyond®

File formats included

SVG — Vector — scalable to any size, web and print

PNG (2x) — Raster — 2000px wide, transparent background

PDF — Print-ready vector for high-resolution output
